

Palo Pinto Elementary Wellness Plan

WELLNESS PLAN

This document, referred to as the “wellness plan”(the plan), is intended to implement policy FFA(LOCAL), which has been adopted by the Board, to comply with the requirements for a school wellness policy. [Section 9A(a) of the National School Lunch Act (NSLA), 42 U.S.C. 1758b]

STRATEGIES TO SOLICIT INVOLVEMENT

Federal law requires that certain stakeholders be involved in the development, implementation, and periodic review and update of the wellness policy. The District has chosen to use the local school health advisory council (SHAC) to work on behalf of the District to review and consider evidence-based strategies and techniques in order to develop and implement nutrition guidelines and wellness goals as required by federal law. The SHAC will permit the following persons to work with the SHAC on the District’s wellness policy and plan: parents, students, representatives of the District’s food service provider, physical education teachers, school health professionals, members of the Board, school administrators, and members of the public. The SHAC will solicit involvement and input of these other interested persons by:

Regular meetings of Palo Pinto ISD SHAC organization

Community feedback surveys

IMPLEMENTATION

The school nurse is responsible for the implementation of FFA(LOCAL) and this wellness plan at the campus, including the submission of necessary information to the SHAC for evaluation, the development of this wellness plan and any other appropriate administrative procedures.

EVALUATION

In accordance with law, the District will periodically measure and make available to the public an assessment of the implementation of the District’s wellness policy, the extent to which each campus is compliant with the wellness policy, a description of the progress made in attaining the goals of the wellness policy, and the extent to which the wellness policy compares with any state- or federally designated model wellness policies. Absent federal regulations to the contrary, the District commits to the evaluation activities described below.

At least annually, the SHAC will prepare a report on the wellness policy and this plan by gathering information from the principal and appropriate District administrators. The SHAC will assess the District/campus progress toward meeting the goals of the policy and plan by reviewing District/campus-level activities and events tied to the wellness program.

The SHAC may use any of the following tools for that analysis:

- **Surveys**
- **Nutrikid software information**
- **Community member’s verbal input**

NUTRITION
GUIDELINES

All District campuses participate in the United States Department of Agriculture's (USDA's) child nutrition programs, including the National School Lunch Program (NSLP) and the School Breakfast Program (SBP). Federal law requires that the District establish nutrition guidelines for foods made available on each campus that are consistent with the federal standards and that promote student health and reduce childhood obesity.

The District's nutrition guidelines are to ensure all foods and beverages sold, otherwise made available, or marketed to students during the school day adhere to all federal regulations and guidance and are designed to promote student health and reduce childhood obesity.

FOODS SOLD

The District will comply with federal requirements for reimbursable meals. For other foods and beverages sold to students during the school day, the District will comply with the federal requirements for competitive foods. Competitive foods and beverages are not part of the regular meal programs and occur through sales such as a la carte options or vending machines. For purposes of this plan, these requirements will be referred to as "Smart Snacks" standards or requirements. The following websites have information regarding meal and Smart Snacks requirements:

- <http://www.fns.usda.gov/school-meals/nutrition-standards-school-meals>
- <http://www.squaremeals.org/Publications/Handbooks.aspx>

EXCEPTION—
FUNDRAISERS

State rules adopted by the Texas Department of Agriculture (TDA) allow an exemption to the Smart Snacks requirements for up to six days per year per campus when a food or beverage is sold as part of a District fundraiser. [See CO(LEGAL)]

FOODS MADE
AVAILABLE

The District will comply with state law, which allows a parent or grandparent to provide a food product of his or her choice to classmates of the person's child or grandchild on the occasion of the student's birthday or to children at a school-designated function. [See CO(LEGAL)]

MEASURING
COMPLIANCE

The District will measure compliance with the nutrition guidelines by reviewing meal reimbursement submissions from the child nutrition department to the TDA, reviewing foods and beverages that are sold in competition with the regular school meals, reviewing items sold as part of approved District fundraisers, and monitoring the types of foods and beverages made available to students during the school day.

PUBLIC
NOTIFICATION

To comply with the legal requirement to inform and update the public about the content and implementation of the local wellness policy, the District will create a wellness page on its website to document information and activity related to the school wellness policy, including:

1. A copy of the wellness policy [FFA(LOCAL)];
2. A copy of this wellness plan, with dated revisions;
3. Notice of any Board revisions to policy FFA(LOCAL);
4. Notice of any SHAC meeting at which the wellness policy or corresponding documents are scheduled to be discussed;
5. The SHAC's annual report on the District's wellness policy and plan; and
6. Any other relevant information.

The District will also publish the above information in appropriate District or campus publications.

RECORDS
RETENTION

Records regarding the District's wellness policy will be retained in accordance with law and the District's records management program. Questions may be directed to the superintendent, or the District's designated records management officer.
